A **Final vote on the Stabenow-Roberts Compromise Bill (S764)**. Bans state level GMO labeling requirements and creates a national labeling standard. Passed Senate on July 7, 2016 and was eventually signed into law. Cornucopia opposed this bill. A No vote is worth 20 points

B **Cloture vote on the Stabenow-Roberts Compromise Bill (S764)**. Bans state level GMO labeling requirements and creates a national labeling standard. This was the key GMO vote in the Senate this session. Reached cloture on July 6, 2016 and was eventually signed into law. Cornucopia opposed this bill. A No vote is worth 30 points

C **Cloture vote on the Stabenow-Roberts Compromise Bill (S764)**. Bans state level GMO labeling requirements and creates a national labeling standard. Failed to reach cloture on March 16, 2016. Cornucopia opposed this bill. A No vote is worth 30 points

D **Biotechnology Food Labeling Uniformity Act (S2621)**. Would have created a nationwide labeling requirement for GMOs. Introduced on March 2, 2016, but never voted on. Cornucopia supported this bill. Sponsorship of the bill is worth 10 points.

E **Genetically Engineered Food Right-to-Know Act (S511)**. Would have created a nationwide labeling requirement for GMOs. Introduced on February 12, 2015, but never voted on. Cornucopia supported this bill. Sponsorship of the bill is worth 10 points.
