**Subject:** AW: Registered: RE: Registered: NOPC-024-14 Zhejiang Tea Group, Co., Ltd.  
**Attachments:** ZJ Tea Group NOP label approval 15.09.04.pdf

Dear Valerie,

apologies for the delay! This story has been going back and forth for months now... What we have been able to find out so far:

1. The tea for which you had submitted the non compliant label, had been sold to the US market in 2013, when ZJ Tea Group was still under IMO certification. As you probably know, IMO gave up their activities in China, and most of the clients moved to CERES.
2. ZJ Tea Group says they never sold tea with this packaging. In the past (2013), they used to sell some tea with this labeling:

This is of course not compliant either. What is displayed here (instead of "certified organic by..."), was the IMO certificate number ("Certificate number 110834-I.V.-NOP").

3. ZJ Tea Group suspects that the tea with the packaging displayed in your letter, might have been sold to the US through a Chinese export company called Wenzhou Snow. ZJ Tea Group used to sell some organic tea to this company. To our knowledge, this company is currently not certified any longer.

4. According to what we have been able to find out, ZJ Tea Group has not been selling any organic tea to the US since they were first certified by CERES in July 2014.
5. The only retail labels that CERES has approved for ZJ Tea Group so far, are the ones in the attached recent document. However, teas with this packaging have not entered the market so far.
6. Today, we have finally received a top management commitment from ZJ Tea Group, recognising mistakes in tea labeling in the past, and promising to submit any packto CERES for approval before printing.

I hope this finally clarifies the issue and allows you to close the case?

Sorry again for the terrible delay!

Albrecht

**Subject:** AW: Registered: NOPC-024-14 Zhejiang Tea Group, Co., Ltd.

Dear Mrs. Schmale,

Thanks for the notification. We are investigating the case. So far we have found out that our client Zhejiang Tea Group Co. Ltd., does not seem to sell tea with this packaging on the US market. Even the email address [zhejiangtea@yahoo.cn](mailto:zhejiangtea@yahoo.cn), as indicated on the packaging, is not their official email. We are yet to find out who is actually behind this, and if this tea is organic at all. We therefore would like to ask you for an extension of the deadline for investigation, until April 20, 2015.

Thanks for your understanding!

Albrecht Benzing, CERES GmbH

## Approval of your organic retail labels according to NOP

### Aspects which have been verified

	O.k.	Not applicable	Comment
Traceability back to the producer is assured (through producer or distributor name, code number, lot number if applicable)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Bar code
Identification as Organic	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Correct listing of ingredients	<input checked="" type="checkbox"/>	<input type="checkbox"/>	"Organic"
Certifier name placed under producer name, with the words "Certified organic by..."	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
In case a non certified distributor is mentioned on the label instead of the CERES certified operator, declaration 7.2.3 has been signed.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	A distributor is mentioned in addition to the producer, therefore no additional declaration required
Correct use of USDA organic logo	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Black & white
Correct use of CERES logo	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Not used

### Important Notes:

1. The label design which you submitted for "Green Tea with Jujube & Osmanthus" cannot be approved because the 5% Osmanthus flowers are conventional. This blend would qualify only for a "Made with ...% organic ingredients" claim, not for an "organic" claim. Please revert back either with a modified label, or let us know if you withdraw your application for approval of this label. Attached please find the NOP handbook regarding labelling of "made with..." products.

2. The labels below do not comply with requirements of Regulation (EC) 834/07 because the letters under the EU logo are not legible. Therefore, the present approval only refers to NOP. Please submit a corrected label for the EU market!

The following labels have been approved:

*Albrecht Benzing*

Albrecht Benzing, CERES GmbH

**Attachments:** 12 AB NOP Cert Daorenfeng.pdf; 12 AB NOP Cert Fuliang.pdf; 12 B NOP Cert Shenglong.pdf; 12 ABC EU NOP JAS Notif Fuliang.pdf; Genmaicha.pdf; Matcha - W23 MCHA-1211-72.pdf; Pu-erh.pdf; Sencha, Dragonwell, Shui Xian, Baimudan.pdf

Hello Valerie,

Thanks for taking the time to speak with me this afternoon. I have updated the website of Firsd Tea to include who certifies our products. Also, please see the attached certifications that we have. You will see the farms that are certified as well as the tea.

Zhejiang Camel Transworld (Organic Food) Co., Ltd. is the division of Zhejiang Tea Group that obtained these certifications. Zhejiang Camel Transworld is listed on the AMS site for Fuliang and Wuyi. It is not listed for Darofeng so we will get in touch with our counterparts in China to correct this. The certificate labeled "12 B NOP Cert Shenglong" is for the factory that manufactures tea bags and such.

Where you see "green tea", this would cover the gunpowder tea that was on the Vinis package. However, like we discussed on the phone, Zhejiang Tea Group is not a distributor – so the company name or information should never have been listed on the packaging. This is a serious error and we will be in touch with our counterparts on this as well. At this point I'm not sure if Zhijiang Tea Group manufactured this product, but we definitely are not the distributor.

Please let me know if you need any more information!

Thanks,  
Emma

## 2012 Certification Decision for Zhejiang Camel Transworld Fuliang Farm 2012 认证决定: 浙江骆驼九宇浮梁农场

for the following operations 认证是针对以下操作单位:

Farm and Processing operation:

农场和加工操作单位:

**Zhejiang Camel Transworld Fuliang Farm** 浙江骆驼九宇浮梁农场

Processing Operation 加工操作单位:

**Hangzhou Jingshan Shenlong Tea Co., Ltd.** 杭州径山神龙茶业有限公司

尊敬的毛立民先生 Dear Mr. Mao Limin

We herewith have the pleasure to inform you on the certification decision with regard to fulfilment of 我们很高兴地通知您, 关于您执行下列法规情况的认证决定:

X	EU Regulations (EC) No 834/07 and 889/08
X	USDA, AMS 7 CFR Part 205, National Organic Program, Final Rule
X	Japanese Agricultural Standard (JAS)

The screening of the documents has shown that certification of the respective activities can be granted as indicated in the enclosed summary assessment. 通过对文件的审查表明, 可以对各相关活动进行认证, 详见所附的评估汇总表中的认证决议。

**VERY IMPORTANT: This certification decision may be appealed to in writing within 14 days to IMO.** The facts that have led to the certification decision must be rebutted by submitting new evidence on the identified non-conformities.

非常重要: 可以在 14 天内就认证决议向 IMO 提出书面申诉, 可以就已确定的不合格之处提交新的证据, 以便对造成这一认证决议的事实部分进行反驳。

For continuation please submit a detailed proposal on how and when the corrective measures will be implemented (please use the N° of the non-conformity as reference) to IMO. If we do not receive your proof on timely correction of non-conformities (if any), your certification may need to be suspended. In case of specific questions, please feel free to contact our staff for further clarification and support.

您需要对照所附评估汇总表中的纠正措施附上一份关于贵单位计划如何以及何时实施这些纠正措施的详细方案(可以引用不合格之处的编号)。如果我们没有收到贵单位的改进措施确认书和关于及时纠正严重不符合之处的证据(若有的话), 那么就可能会暂停贵单位的认证。关于具体的问题, 请联系我们的工作人员以便于进一步得到澄清和帮助。

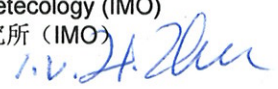

We thank you for your co-operation and hope that you found IMO's service satisfactory. We wish you all the best for this year's activities in organic production and hope to be of service in case of any need. 感谢您的合作, 希望您对 IMO 的服务满意。祝贵单位今年的有机生产活动一切顺利, 也希望在您需要的时候为您提供服务。

With kind regards,

谨此致候

## Private Labels

# company history

**Firsd Tea** is new to Delaware, but the history of the company and experience in the tea business dates back to the 1950's.

Unlike other U.S. tea suppliers who work with long supply chains along the way, we work directly with our parent company, Zhejiang Tea Group.

With over 64 years in the tea business, we are the leading tea product manufacturer in China and the largest green tea supplier in the World.

*We are originally from the **Zhejiang Province** located in South East China.*

## private label

We have developed the private label tea brands of many successful companies, from supermarket retailers, food service establishments and natural and organic brands. We can assist your company in the development of your private label tea brand from beginning to end.

**Tea Sales in the U.S. are projected to double over the next 5 years.  
Is your company ready for this opportunity for growth?**

- **Expert Team** equipped to develop your private label brand from beginning to end
- **Custom Blending** and ingredient sourcing
- **Diverse Packaging** options include seven different tea bag types and options for boxes and tins
- **Extraordinary Manufacturing** capabilities include over 2 million tea bags per day
- **State-of-the-Art** manufacturing machinery that is owned and operated by our company to ensure high quality finished products at low cost

# tea bags

## **Nylon Pyramid Teabag**

Pyramid teabag with string and hard tag, heat seal, with/without foil envelope.  
Leaf and fanning grade tea.

## **Nylon Plain Teabag**

Rectangular teabag with string and hard tag, heat seal, with/without foil envelope.  
Leaf or fanning grade tea.

## **Double Chamber Paper Teabag**

Double Chamber Paper Filter teabag with string and tag.  
Fanning grade tea.

## **Single Chamber Paper Teabag**

Single Chamber Paper Filter Teabag, heat seal, with string, soft tag, and heat-sealed outer envelope.  
Fanning grade tea.

## **Bio-degradable/Nylon Tea Pouch**

Bio-degradable/Nylon tea pouch with/without string, tea and foil/paper envelope.  
Leaf or fanning grade tea.

## **Bio-degradable/Nylon Pyramid Tea Pouch**

Bio-degradable/Nylon Pyramid Tea Pouch without string and tea with/without foil/paper envelop.  
Leaf or fanning grade tea.

## **Pillow Paper Teabag**

Single Chamber paper filter teabag, heat seal, without string, tag or envelop.  
Fanning grade tea.

# packaging

## **Stainless Steel Canister**

15-20 teabags per container, airtight cap inside, printed/private labeled canister, printed stickers or paper belt outside, 2g of high grade leaf per teabag.

## **Paper Canister**

15-20 Bio-degradable tea pouches per canister, heat shrinkable film sealed outside each canister.

## **Cardboard Box**

20, 48 or 100 teabags per box, 2g per teabag, heat shrinkable film sealed outside each box.

Select your tea bag type,  
Select the type of package  
Custom design both with your logo!

# facilities

With over eight different packing machines, we can deliver a capacity of over two million tea bags per day.

From tea bags and boxes or tins, we have many different packaging options to suit your preference.

The possibilities are endless!

# our company

**Firsd Tea** is new to Delaware, but the history of the company and the expertise in the tea industry dates back to the 1950's. We offer a diverse range of specialty teas, as well as unconventional tea products to **enhance the drinking experience.**

We strictly monitor each step from planning, harvesting and packaging to **ensure quality and integrity of our products.**

We are originally from the **Zhejiang Province** located in South East China.

As the largest tea enterprise in China, with over **60 years experience as a leader in the tea industry**, the company exports more than 40,000 tons of tea annually, including green tea, black tea, oolong tea, pu-erh tea, scented tea, special gourmet tea and intensive processed tea products.

# partnership

We are committed to creating a partnership with your company to encourage not only your growth , but the overall health and wellness of the U.S. by making healthy and organic tea options available on a larger scale in North America.

**Tea Sales in the U.S. are projected to double over the next 5 years.  
Is your company ready for this opportunity for growth?**

*Discounted, Competitive Rates*

*Personalized Client Services*

*Wholesale*

*Private Labeling*

**Most clients find that we can provide a superior product for a better price.** This is due to our company history of over 60 years as a leader in the tea industry – We know the best tea leaves, tea terroir and plantations, and the best methods of processing.

# green tea

Pure, vegetal flavor and distinctly fresh aroma, our green tea leaves are hand-picked and undergo minimal oxidation to preserve their natural essence. In fact, the leaves are dried for only a brief amount of time before they are pan-fired to prevent further fermentation. This preserves the natural healing attributes found in the tea leaves, most specifically, the antioxidant powers.

## Organic Genmaicha

Composed of Sencha and roasted popped brown rice, the distinctive taste of Genmaicha combines the fresh grassy flavor of green tea with the aroma of roasted rice. **Yiwu County, Zhejiang Province, China.**

## Organic Dragonwell 7401

Flat, green leaves produce a clear, yellow-green infusion and a lingering aftertaste, which is one of this tea's particular characteristics. This is the classic "Longjing" tea of **Lin'an County, Zhejiang Province, China.**

## Gunpowder 3505

Made of leaves hand-rolled into tiny pellets, also known as the "green pearl". When steeped, the liquor is a dark golden color. The flavor exhibits a strong roasted, smoky taste and aroma that is very unique. A classic green tea from **Shaoxin County, Zhejiang Province, China.**

## Chunmee 9371

Long, fine, jade leaves produce a clear, pale yellow liquor with a delicate flavor, toasty notes and sweet plum-like character. **Chun'an County, Zhejiang Province, China.**

## **Maojian**

Hand harvested leaf tips are rolled to resemble a pointy shape like a strand of hair. Known for its delicate, subtle-sweet taste and fragrant aroma, flavor is full and crisp. Grown in the **Yixing County, Jiangshu Province of China.**

## **Sencha 8911**

This steamed green tea is famous for its fresh delicious taste and excellent fragrance. The tea leaves undergo minimal oxidation and are steamed, making this tea the quintessential green tea. **Yiwu County, Zhejiang Province, China.**

## **Jasmine Pearls**

Artfully crafted from the finest silver tips of tender young buds, hand-rolled into pearls and naturally scented with the essence of fresh jasmine blossoms. Full-bodied, refreshing sweet taste and a lingering floral aftertaste. **Fudian County, Fujian Province, China.**

## **Gyokuro**

Made only with the earliest buds grown in the shade for around 20 days before being hand-harvested at first spring flush season. Due to reduced sunlight, less photosynthesis occurs resulting in increased amounts of amino acids, chlorophyll and caffeine. This impacts the color, taste and aroma – producing a sweet, delicate tea with a soft, mellow body. It is the highest quality Japanese green tea, also known as "precious jade dew". **Zhejiang Province, China.**

## **Organic Matcha Powder**

Matcha is made of Tencha, which is made from specially treated fresh leaves plucked from shade-grown tea plantations. These Tencha tea leaves have a high chlorophyll content, low tanning and the dark emerald-green color of fresh leaves. They are then de-veined, de-stemmed, and stone ground to the fine, bright green, talc-like powder.

**Zhejiang Province, China.**

# white tea

The rarest of all teas, white tea is delicate in flavor as well as color. The tea has a subtle, slightly sweet flavor and a mellow creamy or nutty quality. White tea receives its name from the delicate leaf tip that blooms in early spring. These young tea leaves are harvested when a white down covering appears. After they are plucked, minimal processing occurs, preserving a high concentration of antioxidants and ensuring low caffeine levels.

## Silver Needle

Delicate aroma with a hint of floral notion. Taste is smooth, light and sweet at first sip, but finishes with a fleeting smoky taste. **Fujian Province, China.**

## Organic White Bai Mu Dan

A sweet, mild tea with a golden and bright liquor. Flavor is clean, succulent, floral-fruit flavor and rounded mouth feel. Fujian Province. **Fudian County, Fujian Province, China.**

# pu-erh tea

A regional famous tea produced traditionally in the Yunnan Province, this tea is processed from the fresh leaves of a superior "large leaf" variety of *Camellia Sinensis*. The finished product still undergoes a natural post-fermentation process, and will improve through the years with age. The color is dark with a brown-reddish tint; flavor possesses a special mellow and ripened essence and is sweet in aftertaste.

## Organic Pu-erh Leaf #2

Dark reddish infusion with a strong earthy scent and aged essence with sweet undertones. **Jinuo County, Yunnan Province of China,** a region known for producing excellent Pu-erh teas.

# oolong tea

Referred to as the “champagne of teas”, Oolong is considered to be among the finest. The cultivation of classic oolong tea is restricted to a small area of southeastern China's Fujian and Guangdong provinces. The tea leaves are hand-picked and then partially fermented, yielding a range of flavors. Some are mild with a floral aroma while others may be more full-bodied and toasty.

## Shuixian Oolong

### **Organic Shuixian Oolong 303**

Produced using the top three to four leaves on the branch, the tea leaves are hand-rolled into their final shape. When brewed, the infusion is an amber color with an exquisite floral fragrance. The taste is smooth and lightly sweet, with a subtle dryness reminiscent of pear skin, followed by a lightly baked aftertaste. **Wuyi Mountains in the Fujian Province, China.**

### **Tie Kuan Yin**

As a legendary variety, Tie Kuan Yin is considered the masterpiece of Oolong tea. The lovely orchid-like aroma fills the air after steeping and sweetness like honey with hints of floral flavors refresh the palate. **Southern Fujian Province, China.**

### **Big Red Robe**

A clean aroma of green tea and osmanthus flower, however the taste is sweet and mellow like black tea, therefore establishing itself as a premium variety of Chinese Oolong tea. Prepared in the scenic **Wuyi Mountains, northern Fujian Province, China.**

# black tea

Black Tea imparts a rich, full-bodied flavor and unique mouth-feel due to the oxidation or fermentation of the tea. Don't be fooled by the delicate aroma—the oxidation process of drying the tea leaves after they are plucked, creates bold tannins and texture. This complex processing technique still provides for a subtle-sweet finish.

## Keemun

The most famous variety of Chinese black tea, due to its toasty flavor. Produced in Qimen, Dongzhi, Guichi, Shitai, Yixiang counties of **Anhui Province**, and **Fuliang of Jiangxi Province, China**.

## Organic Black Maofeng

Thin and twisted strips of black tea with russets interwoven, this tea is velvety textured with palate cleansing clarity and a long, lingering finish with notes of dark chocolate and sweet orchid. **Zhejiang Province, China**.

## Orange Pekoe

This tea is the quintessence of Anhui black tea, exhibiting excellent quality among Chinese traditional congou black tea. Liquor is a dark and glossy bright red color, sending forth a honey aroma with flowery fragrance. **Dongtai County, Anhui Province, China**.

## Organic Yunnan Black

This tea has a long, closely formed fat shape, showing golden downy pekoe. Fine, smooth but slightly tart taste. **Yunnan Province, China**

## Lapsang Souchong

Famously smoky aroma and flavor. To create this, the finished tea is given some extra drying over smoking pine fire, imparting a sweet, clean smoky flavor to the tea. **Fujian Province, China**.

# herbs

<b>Jasmine</b>	<b>Ginger</b>

Our Premium Teas are sourced from the finest terroir from legendary mountains. These, historical regions are famed for their porous, nutrient-rich soil and misty, well watered climates. The tea farmers are highly trained in the ancient art of tea cultivation and take great pride in their teas.

## premium green

### Premium Organic Mao Feng

Produced in tea gardens of excellent environmental conditions: fertile and porous soil and year-round mist. There are no droughts or floods there because of fresh spring water that ripples over the stones and pebbles to enrich the soil. The tea leaves are tender with silvery hairs covering on the surface. The jade green color imparts an elegant fragrance. The liquor is bright green and it tastes fresh.

The brewing method of this tea is unlike any other – the water comes first, then when the tea is put into the cup, the leaves sink as if there were a celestial fairy scattering flowers. This amazing feature is unparalleled by any other tea. Traditional tea of the **Zhejiang Province** grows in **Jing Shan Mountain of Yuhang County, China**. 60 grams of premium loose leaf tea.

### Premium Organic Dragon Well

Regarded as the “tea of China”, this tea is celebrated for having 4 characteristics – “Green in color, rich in fragrance, sweet in taste, and beautiful in appearance”, which can be specifically described as jade green color with yellowish tint, gentle and long-lasting orchid aroma, sweet, pure, and refreshing taste, with sharpened straight, flat, smooth, and even shape.

True, authentic Dragon Well (Lung Ching) is only picked in Shi Feng, Long Jing, Wu Yun Shan, Hu Pao and Mei Jia Wu, which is located at the **Beacon Shore of the West Lake in Hangzhou, Zhejiang Province, China**. This area has impeccable tea-growing conditions – well-protected, moderate climate, sufficient rainfall and sunlight, and fertile, porous soil. 60 grams of premium loose leaf tea.

*Yunnan Province, China*

## **Premium Fulianghong Black**

This tea exudes a noticeable aroma and texture, which leaves a refreshing flavor over tongue. Produced in the **Jiangxi Province of China**, an area nicknamed the "Porcelain Capital". 60 grams of premium loose leaf tea. 60 grams of premium loose leaf tea.

# premium pu-erh

## **Premium Pu-erh**

Produced from the fresh leaves of a superior "large leaf" variety of *Camellia Sinensis* that undergoes a natural post-fermentation process. Color is dark with a brown-reddish tint, flavor is mellow with a ripened essence and sweet aftertaste that improves with age. Produced traditionally in the **Yunnan Province, China**. 60 gram tin of premium loose leaf tea.

## Premium Big Red Robe

This tea represents the least processed of the oolong teas. The long, twisted emerald tea leaves produce a fresh, clear green and delicate infusion with fresh flowery hints of lilac and lily. Historically, Bao Zhong is from Wen Shan District which represents the top of the line quality. Produced in **Tai Pei City in northern Taiwan**. 60 gram Tin of Loose Leaf Tea.

## Premium Tie Kuan Yin Light

Referred to as the master piece of Oolong tea. Exceptional monsoon climate contributes to this tea's unique characteristics – tightly curled shape, dark jade green color. Once steeped, a lovely orchid-like aroma fills the air. It has a sweetness like honey with a hint of floral taste. Refreshing and mild floral aftertaste. Produced in **An Xi County from the southern Fujian Province, China**. 80 gram Tin of Loose Leaf.

## Premium Dong Ding (Frozen summit) Oolong

Cultivated at an elevation around 700 – 1,200 meters, among mountain mist and moderate sunlight, this tea is considered the magnum opus of semi-fermented Taiwan Oolongs. Infamous for its refreshing infusion, deep amber liquor with long-lasting aromatic sweet flavor. Produced on **Dong Ding Mountain** in the town of **Lu Gu, Taiwan**. 80 gram Tin of Loose Leaf Tea.

## Premium Phoenix Oolong Tea

The tea leaves are a sturdy shade of red with glossy foliage. When brewed, it has a special natural fragrance that lasts for long time. The taste is fresh and mellow and leaves a pleasant mouth feel with a sweet aftertaste. **Produced in the Phoenix Mountains, Guangdong Province, China**. The mountain sits next to the East China Sea which is covered with trees and is endowed by abundant rainfall and fertile soil. Tea plant enjoy the excellent environment which provides the rich polyphenols and the aromatic properties. 60 gram Tin of Loose Leaf Tea.

## Premium Ginseng Oolong Tea

Ginseng Oolong is processed with premium oolong tea and Ginseng. It retains not only the mellow taste of oolong tea but also a honey sweet taste derived from Ginseng. It is refreshingly mild with a long-lasting floral aftertaste. **Fujian Province, China**. 80 gram Tin of Loose Leaf Tea.

## Premium Wen Shan Bao Zhong

This tea represents the least processed of the oolong teas. The long, twisted emerald tea leaves produce a fresh, clear green and delicate infusion with fresh flowery hints of lilac and lily. Historically, Bao Zhong is from Wen Shan District which represents the top of the line quality. Produced in **Tai Pei City in northern Taiwan**. 60 gram Tin of Loose Leaf Tea.

CERTIFYING AGENT(s) INVOLVED: IMO and CERES

COMPLAINANT: Mr. Reid Allen, [reidaln1950@gmail.com](mailto:reidaln1950@gmail.com)

DATE of COMPLAINT: November 5, 2013

ALLEGED VIOLATIONS: Alleges company is not listing a certifying agent on its packaging indicating the product is not certified organic; i.e. selling product as organic without organic certification.

SUMMARY: I was assigned the case and attempted contacting Zhejiang Tea Co., Ltd. through the email found on the label. It received no response and conducted an internet search, which yielded a tea company in Delaware, FirsdTea, owner Emma Cowdery, email: [Emma.Cowdery@firsdtea.com](mailto:Emma.Cowdery@firsdtea.com), who responded to my requests. Cowdery provided copies of organic certification for the teas in question and stated that Zhejiang Tea Co., Ltd. was not a distributor and should not have been listed as such on the label as such. I reiterated that the labels should include the name of the certifying agent in conjunction with the seal if the product is labeled as certified organic. I conducted a new internet search later and found a website for Zhejiang Tea Co., Ltd., which included the name of the manager and an email address and copies of the organic certification, which had been missing from the previous website. I had contacted IMO, which was Zhejiang's original certifier and was told that they did not certify Zhejiang and had ceased all China operations effective September 30, 2014. IMO suggested contacting CERES as it had taken over a number of IMO's clients. I contacted CERES and they performed an investigation. CERES stated that Zhejiang had no knowledge of the noncompliant label, but suspected it had come from a Chinese export company, Wenzhou Snow, which is no longer certified. Zhejiang has agreed to have all its labels approved through CERES for future.

ACTION REQUESTED: Approval is requested to close this case.

APPROVED FOR CLOSURE BY:

Matthew C. Michael

Re: NOPC-024-14 Zhejiang Tea Group Co., Ltd.

Dear Mr. Allen:

The U.S. Department of Agriculture (USDA), National Organic Program (NOP) has concluded its investigation of the complaint you filed against Zhejiang Tea Group Co., Ltd. (Zhejiang). Your complaint alleged that Zhejiang appeared to be selling and representing its Gunpowder Green Tea product as organic without organic certification.

Our investigation found that Zhejiang is a certified organic operation, but could not confirm that Zhejiang produced the product in question. The NOP contacted Zhejiang's certifying agent, CERES GmbH (CERES), to make them aware of the label you submitted. CERES continues to review Zhejiang's product labels for compliance. The investigation is hereby closed.

Thank you for bringing this matter to our attention. We appreciate your support of the NOP and the USDA.

Sincerely,

A handwritten signature in blue ink, appearing to read "Matthew Michael". The signature is fluid and cursive.

Re: NOPC-024-14 Zhejiang Tea Group Co., Ltd.

Dear Mr. Benzing:

The U.S. Department of Agriculture (USDA), National Organic Program (NOP) has concluded its investigation of a complaint filed against CERES' client Zhejiang Tea Group, Ltd. (Zhejiang). The complaint alleged that Zhejiang was selling tea as organic without organic certification.

You confirmed that CERES certified Zhejiang, but could not confirm that Zhejiang produced the product in question. You further stated that Zhejiang will have all of its labels approved prior to packaging. This case is hereby closed.

Thank you for your cooperation during this investigation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Matthew Michael".

Re: NOPC-024-14 Zhejiang Tea Group Co., Ltd.

Dear Mr. Benzing:

The U.S. Department of Agriculture (USDA), National Organic Program (NOP) received a complaint alleging that Zhejiang Tea Group Co., Ltd., (Zhejiang) an operation certified by CERES, violated the USDA organic regulations. Specifically, the complaint alleges that Zhejiang is labeling agricultural products as being certified organic without displaying a USDA-accredited certifying agent, as required by the USDA organic regulations at 7 CFR 205.303(b)(2). Additionally, the USDA organic seal on the label appears to be noncompliant with the regulations at 7 CFR 205.311.

The NOP requests that you investigate these allegations within 30 days of receiving this letter. Within 45 days of receiving this letter, please notify the NOP of your findings and of any notices of noncompliance or proposed adverse actions that you issued as a result of the investigation. At that time, assuming no additional action is needed; the NOP will inform the complainant of your investigation's outcome. Also, if your investigation will take more than 30 days from the receipt of this letter, please inform the NOP.

Note that you are authorized to investigate complaints of noncompliance under the regulations at §205.661(a). Further, you are required to have procedures for investigating certified operation noncompliance under the regulations at §205.504(b)(2). However, we realize that there may be some investigations with which you need assistance and you may refer the investigation back to the NOP for one or more of the following reasons:

- You lack the resources or the specialized expertise needed to adequately investigate the complaint;
- You believe a civil penalty may be warranted for the knowing sale or labeling of agricultural products in violation of the USDA organic regulations;
- You believe the complaint warrants a criminal investigation;

Mr. Albrecht Benzing  
NOPC-024-14 Zhejiang Tea Group Co., Ltd.  
Page 2

- For some other reason, you cannot carry out or complete the investigation.

Should you have any questions regarding this matter, you may contact Valerie Schmale, Compliance & Enforcement, at (202) 205-7804 or [Valerie.Schmale@ams.usda.gov](mailto:Valerie.Schmale@ams.usda.gov).

Sincerely,

## Our Story

Firsd Tea is new to Delaware, but the history of the company and the expertise in the tea industry dates back to the 1950s. We offer a diverse range of specialty teas, as well as unconventional tea products to enhance the drinking experience and make it as enjoyable as possible to the consumer. We strictly monitor each step from planning, harvesting and packaging to ensure the quality and integrity of our products.

By inheriting the 4,000 year old legacy of Chinese tea culture, our group has integrated the traditional tea processing crafts with the modern technique, developing new tea products to meet the needs of the modern society. Our focus is on growth, but not without deep convictions of protecting and sustaining the Earth.

## Our Roots

We are originally from the Zhejiang Province located in South East China off of the East China Sea. Zhejiang means "zigzagging river" and it is the largest tea producing province in China.

Terrain is hilly, with infamous mountain ranges: Yandang, Tiantai, Tianmu and Mogan Mountains. The highest peak is Huangyajian Peak. The West Lake region of Hangzhou lies in a valley within the mountains and is the home of the much-loved Lung Ching Tea, also known as Dragon Well Tea. The high altitude and subtropical climate creates the finest environment for growing tea. The typical summer day is warm and humid and the tea leaves flourish.

## Our History

Firsd Tea is the U.S. office of Zhejiang Tea Group Co., Ltd., a corporation, whose scope is mainly the tea business. The company provides high quality products in domestic and foreign trade. Our annual business turnover is 550 million US dollars; International trade value is over 400 million US dollars.

As the largest tea enterprise in China with over 60 years experience as a leader in the tea business, the company exports more than 40,000 tons of tea annually, including green tea, black tea, oolong tea, pu-erh tea, scented tea, special gourmet tea and intensive processed tea products.

The company owns 21 holding subsidiaries, 4 business departments and 7 Chinese-Foreign equity joint venture enterprises. The company developed 10,000 high altitude tea farms and operates 10 tea factories. We have a 20,000 ton annual capacity facility and the largest tea extract factory in China. Our high tech laboratories ensure the best quality of product is produced for our clients.

## Our Mission

Our mission is to promote the health and wellness of the U.S. by making high quality and delicious teas available to the consumer through wholesale, our private brands or other venues to expand the tea industry.

By inheriting the 4,000 year old legacy of Chinese tea culture, our company has integrated the traditional tea processing crafts with modern techniques, developing new tea products to meet needs of the modern society. Our focus is on growth, but not without deep convictions of protecting and sustaining the Earth.

## Social Responsibility

Fair trade is beneficial for the farmer, harvester, land, villages and communities as well as the consumer. We work closely with the Ethical Tea Partnership to ensure the tea industry is fair and advantageous to all parties involved. We strive to improve the social and environment conditions for families, communities and businesses with which we partner.

Here are just a few of the many standards:

- Freedom of employment and right of collective bargaining
- Uphold a safe and sanitary workplace for all employees by the development of proper training programs, minimizing hazards, provisions of protective clothing and machinery parts, fire and chemical safety
- Promote health and welfare of employees and their families
- Mandatory age requirements, with benefits of educational assistance and apprenticeships
- Equal employment and fair wages for all employees as well as standard work week with no involuntary overtime
- All employees are treated with dignity and respect, with written standards to prevent harsh and inhumane treatment

Like [Sign Up](#) to see what your friends like.

For more information on the Ethical Tea Partnership, <http://www.ethicalteapartnership.org/>

## Sustainability

The tea industry is already over 4,000 years old. Over the past 60 years, our company has cultivated not only tea leaves, but the overall industry. We care deeply about prolonging the legacy of tea, therefore sustainability is a priority.

The Chinese culture is all about Ancestry. Respect for your elders and the work they have accomplished. The American culture is about Posterity, passing down a legacy onto future generations. Combine these ideals and you get sustainability, the drive to produce growth without depleting resources for future generations.

We have worked with the Ethical Tea Partnership to develop the standard for the tea industry to ensure that sustainability is a priority in all our business functions. All of our affiliated estates, tea plantations and offices must meet specific sustainability standards.

Here are just a few that we require:

- Designate a budget for environmental management
- Strive to continually reduce the volume and types of agrochemicals to reduce toxicity levels in the environment
- Use techniques to prevent soil erosion and enhance the quality of the soil, protecting the natural flora and fauna of the climate. These actions promote soil and ecosystem conservation
- Water and energy usage is monitored and continually improved to prevent water shortage, water and air pollution

Taking these measures to enhance our soil, water and overall estate environment creates not only a healthier world but a superior tea plant, and in turn a better cup of tea.

## Organic

Since the beginning of consumption, tea has been prized for its health benefits. What makes tea even healthier? Cultivating it in the traditional way without GMO's or other unnatural methods. Many of our products are USDA Certified Organic by IMO and we take great pride in this

Our company is committed to providing our healthy teas to consumers.

We consider this a part of our efforts toward sustainability and social responsibility.

Re: NOPC-024-14 Zhejiang Tea Group Co., Ltd.

Dear Ms. Hucke:

The U.S. Department of Agriculture (USDA), National Organic Program (NOP) received a complaint alleging that Zhejiang Tea Group Co., Ltd., (Zhejiang) an operation certified by IMO, violated the USDA organic regulations. Specifically, the complaint alleges that Zhejiang is labeling agricultural products as USDA organic without displaying a USDA-accredited certifying agent, as required by the USDA organic regulations at 7 CFR 205.303(b)(2).

The NOP requests that you investigate these allegations within 30 days of receiving this letter. Within 45 days of receiving this letter, please notify the NOP of your findings and of any notices of noncompliance or proposed adverse actions that you issued as a result of the investigation. At that time, assuming no additional action is needed; the NOP will inform the complainant of your investigation's outcome. Also, if your investigation will take more than 30 days from the receipt of this letter, please inform the NOP.

Note that you are authorized to investigate complaints of noncompliance under the regulations at §205.661(a). Further, you are required to have procedures for investigating certified operation noncompliance under the regulations at §205.504(b)(2). However, we realize that there may be some investigations with which you need assistance and you may refer the investigation back to the NOP for one or more of the following reasons:

- You lack the resources or the specialized expertise needed to adequately investigate the complaint;
- You believe a civil penalty may be warranted for the knowing sale or labeling of agricultural products in violation of the USDA organic regulations;
- You believe the complaint warrants a criminal investigation;

Ms. Ingrid Hucke  
NOPC-024-14 Zhejiang Tea Group Co., Ltd.  
Page 2

- For some other reason, you cannot carry out or complete the investigation.

Should you have any questions regarding this matter, you may contact Valerie Schmale, Compliance & Enforcement, at (202) 205-7804 or [Valerie.Schmale@ams.usda.gov](mailto:Valerie.Schmale@ams.usda.gov).

Sincerely,

Dear Mr. Allen,

Thank you for your interest in the National Organic Program. If you suspect a violation of the USDA organic standards, you may submit a complaint as provided below. When submitting your complaint, please be prepared to provide as much information as possible. Suggested information for two frequently-reported violations is provided below.

**Labeling Violations**

Common labeling problems include **not listing the organic product's certifying agent**, putting the word "organic" on the front of the packaging when the ingredients are organic but the entire product is not certified organic, and using the USDA organic seal on a multi-ingredient product that only has one or two organic ingredients (less than 95% of the total product). In these cases, please provide:

- Brand name of the product
- Certifying agent of the product
- Any lot numbers (or "best by / before" dates) printed on the product
- Name of the product manufacturer or distributor
- Detailed explanation of the identified regulatory violation
- If possible, actual product package or copy of the product label

**Retail Establishment Violations**

Common retail establishment problems include the commingling of organic and conventional produce in the same bin, missing or unclear signage identifying bulk products as organic, and contaminating organic products with unapproved cleaners or solvents. In these cases, please provide:

- Name of the retail store
- Address and contact information of the retail store
- Date and time of incident
- Any evidence obtained (pictures, unclear signage, etc.)

Complete and accurate information helps ensure that the issue can be successfully reviewed or investigated. Additionally, please provide your name and contact information if you are willing to discuss the issue further with an NOP Compliance staff member as needed.

**Complaint submission.** Please submit your complaint via one of the channels provided below:

**National Organic Program**

For operations based outside California

[NOPCompliance@ams.usda.gov](mailto:NOPCompliance@ams.usda.gov);

Attn: C&E Division

NOP Compliance and Enforcement

USDA, Agricultural Marketing Service

1400 Independence Ave., S.W., Mail Stop 0268

Washington, D.C. 20250

Complaints may also be sent to the listed contact person for the certified producer or handler's certifying agent (provided on the product label or sticker for retail products).

I hope the information above is helpful to you. Please do not hesitate to contact the NOP for further assistance.

Best regards,

**Julie Hartley**
