FOIA REQUEST
Fee waiver requested

Dear Mr. Bridges:

Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552, I am requesting all documents that discuss or describe the dismissal, termination, transfer, demotion, promotion, retirement, or separation of Miles McEvoy from employment with the USDA or, if he is still employed in some capacity, his transition from his role managing the National Organic Program between March 10, 2017 and November 10, 2017.

In addition, we are requesting any agreements or settlements related to Mr. McEvoy's transition from heading the NOP, as well as any other supporting documents generated prior to or subsequent to any agreement, signed or otherwise, between the USDA and Mr. McEvoy.

In its role as a government watchdog, The Cornucopia Institute employs doctorate-level researchers and policy analysts with decades of experience on issues of food and agriculture policy. For more information on our capacity to review and analyze government documents, see the about section of our webpage (www.cornucopia.org).

With approximately 10,000 members, many of whom are organic farmers, The Cornucopia Institute is the largest member-organization of its kind. Through our email list of over 100,000 people, our quarterly newsletter, and other outreach tools, we communicate the information acquired through our requests to keep the public informed

and knowledgeable about the actions of the USDA.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

I look forward to your reply within 20 business days, as the statute requires.

Please send materials to the following address:
