**FOIA REQUEST**  
**Fee waiver requested**

Dear Mr. Bridges:

Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552, I am requesting all records of communications between the Agricultural Marketing Service FOIA Office and any of the dairies contacted by AMS in regards to our previous FOIA, 2013-AMS-01201-F, in which AMS asks for the dairies' input regarding any aspect of our FOIA request. This includes copies of any responses the agency received to those requests.

In its role as a government watchdog, The Cornucopia Institute employs doctorate-level researchers and policy analysts with decades of experience on issues of food and agriculture policy. For more information on our capacity to review and analyze government documents, see the about section of our webpage ([www.cornucopia.org](http://www.cornucopia.org)).

With over 10,000 members, many of whom are organic farmers, The Cornucopia Institute is the largest member-organization of its kind. Through our email list of over 100,000 people, our quarterly newsletter, and other outreach tools, we communicate the information acquired through our requests to keep the public informed and knowledgeable about the actions of the USDA.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

I look forward to your reply within 20 business days, as the statute requires.

Please send materials to the following address:
